

The Silver Pharmacy Meds to Beds program makes it easier for patients or families to receive their medications before leaving the hospital. For your convenience, Silver Pharmacy will fill and deliver outpatient medications to you at your time of discharge – and provide pharmacy counseling too – saving you and your loved ones an extra stop on your way home.

Prescription, Delivery, Home

If you choose Silver Pharmacy, once a prescriber issues discharge prescriptions, our pharmacy team will prepare it for you. When your prescription is filled, a member of our pharmacy staff will bring the medication to your bedside or deliver it to your home, free of charge.

For more information, call **815-800-3100** or dial **ext. 5928** from your patient room phone.

Here's How it Works:

Your nurse will send your prescription to **Silver Pharmacy**.

- Silver Pharmacy will contact you for prescription counseling and collection any co-pays.
- If a prior authorization is needed, Silver Pharmacy will fax it over to your provider
- Silver Pharmacy will deliver your medication to your room or home.
